National Level Mathematics E-Quiz on Operations Research

The Department of Mathematics has organized E-Quiz on 2nd& 3rdJuly 2020 in the subject of "Operations Research". Operations Research is an analytical method of problem solving and decision making which is useful in the management of organization. In Operations Research problems are broken down into basic components and solved by mathematical analysis. Its main concept is optimization.

30 MCQ questions were given through Google Form to the students, Research Scholars and also the Faculty members to participate in this National level E-Quiz to enhance their knowledge. Nearly 376 participants took part from different states. The participants who scored more than 50% were issued E-certificates. The aim of the quiz is to encourage the students, Research Scholars and the faculty to replicate the applications of operations research.

This program was organized under the guidance of the Principal, K.MuraliKrishna, the coordinator, G.Visweswara Rao and the HOD of the Mathematics, Smt.V.Srilakshmi.
