National Statistics Day

To mark the contributions of Indian Statistician Late Prasanta Chandra Mahalanobis and also to popularize the use of statistics in daily life, his birth anniversary is celebrated as “National Statistics Day” on June 29th of every year.

On this occasion, Department of statistics has organized a webinar on “Real Life Applications of Probability Distributions” and Article writing competition on “Analysis & Interpretation of Covid-19 Data”.

The webinar was organised on the theme “Real Life Applications of Probability Distributions”. The webinar was inaugurated with a lamp light by the Principal Dr K. Murali Krishna.

The webinar by the guest speaker Dr M. Raghavendar Sharma, Assistant Professor, Department of Statistics, Osmania University was quite useful for the students as it helped them to know how probability distributions are applied in real life.

The best 3 articles were selected for prize distribution received from various participants. On the whole National Statistics Day celebrations were successful with the support of management and participants.

The above programme was coordinated by Miss P. Deepika, Lecturer in Statistics.
