

G. Pulla Reddy Degree & P.G. College

Mehdipatnam, Hyderabad.

RCI [Research Centre Imarat], DRDO, Hyderabad

EDUCATIONAL VISIT

An Educational visit to RCI [Research Centre Imarat }], DRDO, Hyderabad was organized by the Department of computer science, G. Pulla Reddy Degree and P.G College on 14th December 2022. This visit is to create interest in the students towards computer science subject by showing how the Programming languages are used in RCI in the area of research and development.

50 students from B.Sc have visited the RCI labs. They are accompanied by faculty members Mrs. Ch. Usha Rani, HoD of Computer Science Department, Mrs. A. Bhagya, Assistant Professor, Department of Computer Science.

Mr. Praveen Kumar of RCI introduced with the history of RCI [Research Centre Imarat], and played videos demonstrating various missile and rocket technologies being developed, tested, and used. Protecting our Nation in need is the primary goal of research and development in this field.

Technical Officer Mr. Naresh explained us in a comprehensive way about many devices exhibited in their lab. Devices like on board computers, Inertral Navigation System, Actuators are few among them. Scientists T. Mallikarjuna Rao and M. Srinivas also joined us in showing and explaining exhibits and clearing students doubts. Students were very interactive while explaining them and had many doubts which were answered by them. They also informed that they have job offers for B.Sc, M.Sc, and B.E, M.Tech students.
